SUSTAINABILITY CONFERENCE

CLIMATE ACTION AND THE ACCOUNTANCY PROFESSION: BUILDING A SUSTAINABLE FUTURE.

23 NOVEMBER 2021
O2 UNIVERSUM
4:00 PM

Climate change is undisputable. Very few organisations are moving at the pace and scale needed to counter the devastating and world-altering threats it will bring. To meet that challenge, organisations will need to formulate their organisations climate action strategy and to put finance and accounting professionals at the heart of it. They should start by focusing on integrating finance and sustainability expertise in areas such as: Business Strategy, Governance, Accounting frameworks and standards, The road to decarbonisation.

ACCA with support of UK Embassy in Prague is organising a conference called: **Climate action and the accountancy profession: building a sustainable future.** The conference will be held on 23rd November 2021 from 4:00 pm CET in the O2 Universum in Prague. Register now to secure limited seats in the conference venue or register to attend online. The conference will be opened up by Mr. Nick Archer, the British Ambassador in The Czech Republic. We will present the outcomes of ACCA's Professional Insight report: **Climate action and the profession: contributing to COP 26.**
